

Calm Slate Woodland

Image: Calm Slate Farm

About the wood...

The 4.5 hectare site is next to the Yorkshire Dales Ice Cream parlour, and has been planted with more than 7000 native broadleaved trees and shrubs. There are five areas of planted woodland at this site, two of which can be easily seen from the ice cream parlour, the third is located across a flat field, and two further areas are at the top of a broad bridle path (20 mins walk away - sturdy boots recommended).

Tree species and mix:

| | |
|-------------|------|
| Ash | 2925 |
| Oak | 1462 |
| Hawthorn | 731 |
| Wild Cherry | 731 |
| Hazel | 548 |
| Birch | 548 |
| Rowan | 366 |

How to get there...

From Skipton: Follow the A59 towards Bolton Abbey turn left at the Halton East sign post. Turn right at the quarry and Calm Slate/Yorkshire Dales Ice Cream is on the left.

From Harrogate: Follow the A59 towards skipton and turn right at the Halton east sign post. Turn right at the quarry and Calm Slate/Yorkshire Dales Ice Cream is on the left.

Please Note: The woodland is situated on private land and is not open to the public (except on official YDMT woodland open days). There is perimeter access around the site via public footpaths which provide a good view of the woodland. The two most northerly sites can be viewed from Moor Lane. Go through Eastby on the Barden Road towards Bolton Abbey for approximately 1 mile to a cattle grid, just beyond this point the footpath crosses the road and there is a large parking space on the right hand side. The wood is just below this spot and can be seen by following the footpath.

The Yorkshire Dales Millennium Trust is a small charity doing big things to support every aspect of life in the Yorkshire Dales. By supporting our work you have helped to restore part of the wonderful jigsaw of features which makes the Yorkshire Dales landscape so special.

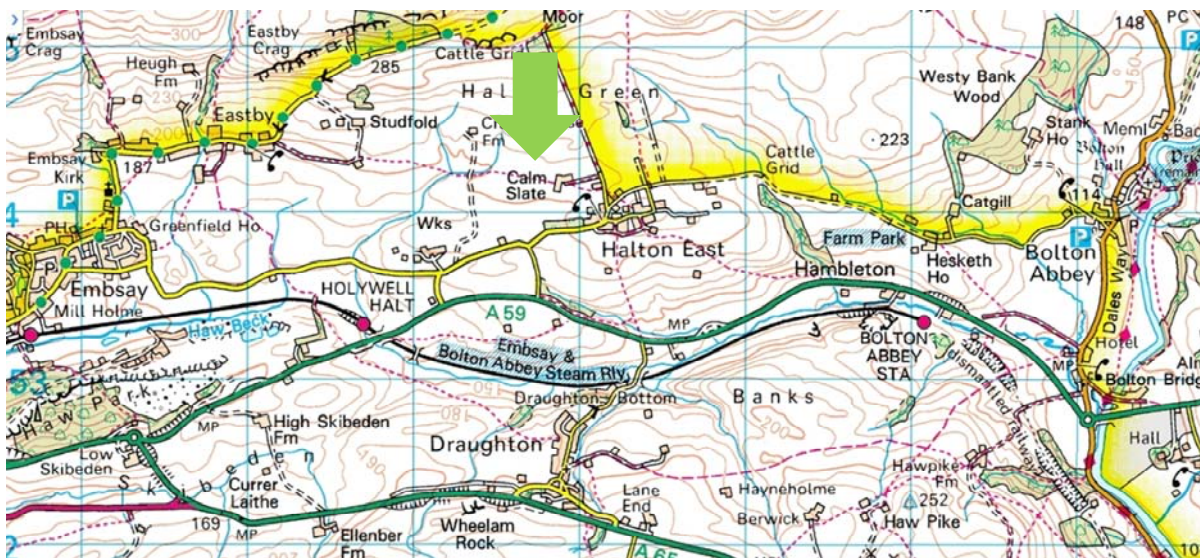

Thank you.

YORKSHIRE DALES
MILLENNIUM TRUST

Map

We're passionate about restoring woodlands in the Yorkshire Dales. With your help we've planted over 1 million new native broadleaf trees so far, creating hundreds of natural woodlands which will absorb carbon, create vibrant wildlife habitats and enrich the landscape for people to enjoy.
Thank you for your vital support.
