

Disconnected, worried about climate, mental & physical health problems.

OUTREACH

inspiring, hands-on outdoor activity days to connect young people with nature

ENGAGEMENT

STEP 1: Inspiring and engaging young people from urban and rurally isolated areas

LOCAL ENVIRONMENTAL ACTION FORUMS

bring young people together to tackle issues in their own communities

GREEN FUTURES YOUTH ENVIRONMENTAL ACTION FORUM

local groups come together into one diverse network to explore issues, share knowledge and best practice

EMPOWERMENT

STEP 2: Developing the skills and confidence to lead environmental change

ENVIRONMENTAL ACTION FUND

funding available to all young people to develop their own ideas and projects

YOUTH ENVIRONMENT SUMMIT

an annual two day event planned and delivered by forum members enabling them to inspire and learn from each other

EXPERIENCE

STEP 3: Raising aspirations and breaking down social barriers to give young people the confidence to find their dream job

GREEN FUTURES YOUTH NETWORK

alumni group with opportunities for mentoring, leadership and ambassador roles

RURAL APPRENTICESHIP SCHEME

hands-on two-year work placements, college study (level 2 qualification) and specialist training

Young people able to live and work rurally through training, qualifications and employment

THE FUTURE
