

Rural Apprenticeship Scheme Information

Yorkshire Dales Millennium Trust (YDMT) is organising several Rural Apprenticeships in 2022 based in the Yorkshire Dales, south Cumbria and Nidderdale area in partnership with local organisations and businesses.

The apprenticeships will start in September 2022 and will last for eighteen months. They will provide work-based training with the employing organisations and trainees will study for a Level 2 Countryside Worker qualification at Craven College. Apprentices will also gain a range of certificated skills which are vital in land-based industries and will be assisted with the costs of transport to training and will have the opportunity to join the Green Futures Youth Forum and to take part in other YDMT projects.

The scheme is for 16–24-year-olds and those who do not already have a qualification in a similar field. Please ask us or Craven College if you are unsure.

Employers

We currently have vacancies with:

- DTMS, contractors at Dalton, near Thirsk (currently near Pateley Bridge, moving in November)
- Yorkshire Dales National Park Authority at Hawes
- Conservefor, contractors at Bentham
- Marsden AES, contractors at Hellifield
- Cumbria Wildlife Trust North, Gosling Sike near Carlisle
- Cumbria Wildlife Trust South, Plumgarths near Kendal

When applying please state which position(s) you are interested in. **Please do read the job descriptions for each carefully**, or call for more information, as the jobs do vary considerably although all under a “rural landscape” heading. As well as being able to get to work each day you will need to get to Skipton for college every fortnight, but we can help to arrange transport if necessary

Work-based training and experience

The apprenticeships will all include experience of countryside skills but will vary according to the nature of the employing organisation - see individual job descriptions for more details. Examples of practical activities could include:

- signposting, waymarking and maintenance of footpaths and bridleway surfaces
- vegetation control and management
- moorland management
- construction and repair of footbridges, stiles, gates, fences and signs
- dry stone walling, laying cobbles, paved ways and concreting
- fencing, hedging, ditching and drainage maintenance
- tree planting, grass cutting and weed control
- horticultural work
- use of powered tools and equipment including chainsaws
- GIS mapping
- Species monitoring

Certificated Skills Training

In addition to the Level 2 Diploma apprentices will attend certificated short courses (up to a total value of £3000) relevant to the job, these could include:

- Chainsaw Maintenance: Cross Cutting & Felling Small Trees
- Brushcutter Use
- Drystone Walling
- Pesticide use
- All terrain vehicle driving
- Trailer training
- Manual Handling and Health and Safety

This list is not exhaustive and the exact courses taken will be discussed with and agreed by the employer and apprentice, but all apprentices will undertake Outdoor First Aid

Project Delivery

The vocational qualification will be assessed at work and at college. Attendance at college will be an average of two days a month for the first year of the scheme. A timetable will be set before the start of the course and may vary seasonally.

Trainee progress will be monitored on a three-monthly basis by college staff, employer and YDMT staff. They will visit the workplace and talk to apprentices and supervisors. This meeting will give the opportunity to discuss the training and any concerns.

Salary

Apprentices will be paid a minimum of £4.81 per hour to start, and in Year 2, if 19 or over, will be paid the National Minimum Wage for their age. Hours will vary by employer (see job descriptions), but will normally be between 35 and 40 hours per week. (time spent at college or training is included in these hours – not extra) The cost of transport to training can be claimed from YDMT (up to a maximum of £1000) and there may be some allowance towards specialist personal protective equipment.

Application process

Send your application to Jo Boulter at Yorkshire Dales Millennium Trust (email or hard copy) as soon as possible, and before the **deadline of 1 August 2022** Address details given below.

You will be interviewed by the employer, Craven College and Jo Boulter from YDMT at some time between 8th and 18th August, exact arrangements to be confirmed

Please do call and ask for any further information you might need.
